Subject: Implementation of President Biden's Executive Orders

Directors and Deputies,

See below. Dan Utech, the new Chief of Staff in the Office of the Administrator, has asked for a review of President Biden's Executive Orders (EO's) to determine relevancy to our programs by February 5th. The great majority of the issues will be identified by the National Program Managers (NPMs); however, there are actions for the regions as well. For example, the EO on "Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis" in Section 2(c)ii calls for proposing a FIP by January 22 for a list of identified states, including Pennsylvania.

Cecil and ORC are working with OGC on the reviews of these EOs. As you work with your NPM to identify issues relevant to your programs and issues specific to Region 3, please let Cecil, Paul and me hear information which you learn. Thank you.

Diana

RE: Implementation of President Biden's Executive Orders

This past week, President Biden issued a set of Executive Orders, several of which require EPA to take action with urgent deadlines. Many of you likely have already read and started developing implementation plans for the components of the orders relevant to your programs and offices. To ensure that we stay on pace agencywide to meet our obligations, I ask that each office review the following and develop a plan to meet the urgent and longer-term deadlines.

URGENT DEADLINES

Executive Order on Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis

This EO requires EPA to “review all existing regulations, orders, guidance documents, policies, and any other similar agency actions (agency actions) promulgated, issued, or adopted between January 20, 2017, and January 20, 2021, that are or may be inconsistent with, or present obstacles to, the policy set forth in section 1 of this order. For any such actions identified by the agencies, the heads of agencies shall, as appropriate and consistent with applicable law, consider suspending, revising, or rescinding the agency actions.” **Within 30 days, EPA must submit to the Director of the Office of Management and Budget a preliminary list of any actions being considered that would be completed by December 31, 2021, and that would be subject to OMB review.** With this thirty-day deadline in mind, please note the following milestones:

Internal Deadlines

February 5: Programs/Offices provide draft lists to Office of Policy

February 12: Final lists due to Office of Policy

February 19: EPA List submitted to OMB

To assist in the development of lists of agency actions, the Office of Policy will distribute an initial list during the week of January 25.

Executive Order on Protecting the Federal Workforce and Requiring Mask-Wearing

January 27, 2021: Administrator must report on progress of implementation of mask mandate and COVID protocols across EPA campuses.
